Fort Shafter Notes
[Special Star-Bulletin Correspondence]
FORT SHAFTER, August 3.—The usual monthly change in non-commissioned officers for the duty of provost guard in Honolulu took place on the 1st of August. The new detail will be in charge of Sergeant Fred H. Young, Company M, 2nd Infantry. The remainder of the detail is as follows: Corpl. Cecil A. Lentz, Co. A; Frank Bradley, Co. B; Corpl. Otto C. Buegge, Co. C; Sergt. F. Smith, Co. D; Sergt. Chester C. Barth, Co. E; Corpl. Vernah E. Loftan, Co. I; Corpl. Ray Mills, Co. K; Sergt. Abraham Littman, Co. L.

A change in the date for the 2nd battalion to take the field has been announced and that command will leave for Waimanalo on the 7th instead of on the 10th as originally contemplated. The battalion will be absent from the post about two weeks. In order that the recruits may accompany the companies of the command they will be turned in for duty with their respective organizations on Thursday of this week and the same will apply to the new men of the 1st battalion; and all officers and non-commissioned officers on duty with the recruits will be relieved from that duty on that date. As usual the Signal Corps will make special provision for maintaining communication with troops absent from the garrison and Major Lenihan's battalion will be connected with the post through their efforts. In the present case the Signal Corps will send out with the command one of their wireless pack sections and that detachment, of Captain Gibbs' company will open up with the main station of the company at Fort Shafter and the communication once established will be maintained throughout the continuance of the tour of the infantry battalion at Waimanalo. This arrangement is in line with Captain Gibbs' record as an officer always ready to seize any opportunity to further the work of the line and at the same time give the men of his company practice in their own specialty of field communication.

SUGAR OUTPUT OF CUBA IN 1914.
The sugar crop of Cuba for the season of 1914 will, by allowing conservative further production to mills still grinding, reach at least the total of 2,575,000 tons. If the weather remains of a normal character for the remainder of the rainy season, the production will in all probability go still higher, and may surpass 2,600,000 tons, which will represent a gain of about 175,000 tons over the great crop of the year preceding.

On Sunday evening in the airdome Chaplain Scott made another and special address to the recruits. The chaplain was listened to most attentively by the largest audience that has yet greeted him, as over 900 of the garrison was estimated to be in attendance. Every seat in the "house" was occupied and at least 200 stood throughout the half hour of the services. Many of the officers, including the regimental commander, Colonel French, were also present. As usual Chaplain Scott's remarks were worthy of the occasion and their appeal to the good that is in the hearer most forceful and convincing. After the services at the post were concluded the chaplain left immediately for Honolulu where he delivered an address to a second large audience in the Empire theater.

The contractors engaged in the construction of the additions to the department hospital at Fort Shafter have about completed the foundation piers to be built and have commenced work on those to support the store rooms. A temporary storehouse will be built to accommodate the hospital's extra equipment and supplies to take the place of the buildings removed to allow the construction of the additional wards.

The troops at Fort Shafter will be paid tomorrow afternoon by Captain George D. Freeman, beginning at 1:30. The payment is to be a large one, as all of the new men will receive their first pay and they will in most cases draw pay for two months.

Automatic apparatus which lights an electric light in the motorman's compartment when every door has been closed has been invented for subway trains to save time in giving trains starting signals.

DAILY REMINDERS
Round the island in auto \$5.00.

Consult the California Feed Co., Ltd., about any poultry problem you may have. You may have a particular problem which requires special advice. If so the Cal. Feed Co. is headquarters.
Know now what will become of your estate after your death. Ask the Trent Trust Co. for their expert advice about the matter of properly drawing up your will. The advice will cost nothing—and may be very valuable to you and to your heirs.
Whether you eat lunch at Nolte's or at the Young, take a look next time at the well-dressed men around you. Most of them wear Alfred Benjamin suits that they bought at The Clarion. And their shirts, collars, ties and Phoenix socks were also bought at that reliable store.
A saving of a nickel may not look like a big saving, but when you figure it on the percentage basis it looms up plenty large enough. It amounts to a 20 per cent reduction in many cases; it may be 25 per cent in other cases. But when you are able to save many nickels by buying Henry May & Co.'s Wednesday specials, you are cutting down the cost of living a great deal. See the advertisement on another page.
Immediate relief for aching heads! The chemist will tell you—Shac—take a wafer now! You'll be grateful.—advertisement.
